Home-grown food

The Atitlán Lake in Guatemala is one of the most amazing in the world, surrounded by volcanoes, colourful flora & fauna and traditional Mayan villages. [Laguna Lodge](#) offers a guaranteed environmentally-friendly heaven on earth for total relaxation.

All furniture in the Laguna Lodge rooms is made of recycled material, the vegetarian restaurant only uses home-grown ingredients or products from local farmers, and water is heated by solar power. Here you can enjoy luxury without having a guilty conscience.
